

School Year 2024-25

Dear Parents and Guardians of Athletes,

The Cripple Creek-Victor School District is ready to provide your child's athletic physical. All student-athletic physicals will be free of charge to all student-athletes. Still, it is recommended that your child receive a complete physical, which is more comprehensive than an athletic physical. These physicals can be performed at Gorman Medical, P. C., the School-Based Health Center. Please call (719) 820-7740 to schedule an appointment. Please have your students bring the bill to Patti Kisner, School Nurse, for payment, or scan a copy to my email: Pkisner@ccvschools.com.

The Cripple Creek ELKS BPOE #316 has been supporting our students for several years with grants they have received, and this past year they received \$3,700 to support the health needs of our students through several different grants. We also received a very generous donation from the Colorado Health Foundation. If your child has any physical health needs, please call Patti Kisner, School Nurse, to discuss these needs further. We are very fortunate to live in a community that supports our students and their health needs.

Please feel free to call me at (719) 689-2661 ext. 1110 if you have any questions. Thank you.

Sincerely,

Patti Kisner, RN
Cripple Creek-Victor School District School Nurse

And

Brenda Boldoc, RN
Cripple Creek-Victor School District School Nurse
